

Your Practical Guide to ... Compensation Examples

Below are examples of recent successful claims

1. Accident at Work

£73,000 awarded for an Accident at Work

Pinto Potts acted on behalf of Mrs K from Southampton who sustained a serious head injury in an accident at work. Mrs K walked into an open window and sustained a serious blow to her head. She severed a nerve in her forehead and as a consequence suffered frighteningly severe migraine headaches on a frequent basis. As a result of those headaches she would often have no choice but to stay in bed for days on end and reduced her working hours in a Call Centre.

Her employers admitted responsibility for the accident but were not prepared to negotiate settlement of her claim. Her employers made her an offer of £9,500.00 in full and final satisfaction of her claim and then refused to negotiate thereafter. Acting under a No Win, No Fee Agreement Mrs. K took her case all the way to Trial in Southampton County Court in December 2005, where she was awarded compensation by the Court of £73,492.16.

2. Road Traffic Accident

£62,500 for Client initially offered £1,200 by Insurance Company

Murray represented a man struck in a side impact car accident. The injured man was quickly offered £1,200 by an insurance company as compensation for his injuries, before his first physiotherapy session. Murray advised his Client to seek proper medical advice regarding his injuries before settling, as the true extent of the injuries may not be immediately apparent.

Unfortunately for our client his condition worsened with time, and he was unfortunately unable to work as a cleaner for three years. Murray obtained £62,500 for the gentleman which meant that he received the medical attention he needed and no loss of earnings.

3. Slip and Trip on High Street

£35,000 awarded for Slip & Trip on High Street

We acted on behalf of a lady who suffered a fractured hip, as well as cuts and bruises, as a result of tripping on a defective drain cover. Our Client was walking out of a shop on Weybridge High Street when the accident happened.

A hip replacement was required due to the severity of the fracture. We obtained £35,000 for the Client together with payment of her legal costs.
